

NAPLAN ONLINE 2021

Dear Parents and Caregivers,

Students in Years 7 and 9 will complete NAPLAN Online testing during Weeks 4 and 5 of this term, from Wednesday May 12 – 21.

Students will be using the school devices to complete the online tests. Students in 7B and 9B will be using their own devices. Other students will **not** be required to use their own devices as the test requires the installation of a locked down browser application which prevents students from accessing unauthorised websites, applications and spellcheck features.

Students are required to bring their own earphones. Headphones or earbuds may also be used but they will need to have the 3.5mm headphone jack to connect to the computer, not the lightning connector. The school will have limited supplies available for students who do not own a pair of ear phones/buds.
