APPLICATION FOR ENROLMENT TO YEAR 7 CAPA ENRICHMENT CLASS

INFORMATION FOR PARENTS

Belmont High School - established in 1953 as the first comprehensive high school in the region, has developed a reputation for strong academic performance and high standards of discipline. It has a focus on the creative and performing arts as well as trampolining and diving.

We are a proudly comprehensive, co-educational high school catering for students from Years 7 to 12. Our school has a strong focus on learning and expectations for student success.

We provide quality education in a caring, secure and positive learning environment. Our highly experienced, professional and skilled teachers demonstrate their commitment to promoting excellence in student outcomes by ensuring a stimulating and supportive learning environment and by fostering a partnership between the student, teacher and parent to achieve the best possible education.

We foster a culture of excellence and are committed to the recognition and celebration of student achievement. At BHS, there are opportunities for every student to achieve through challenging programs for gifted and talented students, a wide range of extra-curricular activities and effective support programs.

Our P&C actively supports the school and we encourage and welcome parent and community participation in the school.

THE YEAR 7 CAPA ENRICHMENT CLASS PROGRAM

The enrichment class encompasses the NSW Education Standards Authority Dance, Drama, Music, and Visual Arts syllabus content. The course of study offers Year 7 students a combined creative arts experience. After completing one year in the program, students will be expected to maintain involvement in one of the performing arts via Year 8 Semester elective classes. From years 9 – 12 students will have the option to choose their focus arts discipline/s for elective study.

CAPA students will have the opportunity to explore their chosen art form in a wide variety of classroom experiences and extra-curricular activities that run within the school community. Public performance opportunities, mentoring and tuition from specialist teachers (during the school day) is available to support your child. This will also help to build further confidence and help them reach their potential. To develop this it is the expectation of the school that all students in the CAPA class will explore aspects of The Performing Arts even if it is not their focus area.

Students who are accepted into the program are identified as being talented and/or gifted in the Creative and/or Performing Arts and their classwork, programming and assessment in all subject areas will encompass their background, skills and talents. Specific teachers in all KLAs will be selected to teach this class and can cater to their preferred learning styles across all the mandatory subjects.

More importantly, classwork, programming and assessment in all subject areas considers the students' backgrounds, skills and talents. The experience offered to CAPA Program students is holistic and inclusive. The curriculum does not narrow the learning experiences to include creative and performing arts subjects only, but attempts to cater to a preferred learning style in all mandatory studies. There will be an emphasis for *differentiated learning* experiences, during which students will present a range of individual and group tasks.

We are sure that the BHS Year 7 CAPA program will further develop your child's knowledge, skills and attitudes and enable them to reach their full artistic potential as well as fully achieving in their general education.

Note - A preference will be given to local enrolments; however, non-local applicants will be considered on a case-by-case basis determined by the audition process and subject to the BHS implementation procedures for the Department of Education policy.

BELMONT HIGH SCHOOL
